

EREPA registered sites

Sites registered in the
Environment & Resource Efficiency Plans program

The following industrial and commercial sites in Victoria have registered with EPA Victoria in the Environment and Resource Efficiency Plans (EREPA) program. The sites for each registered company name listed below used more than 120 megalitres of water and/or more than 100 terajoules of energy in a financial year (from 2006–07 onwards). Those sites listed separately at the end have registered voluntarily in the program.
