Dear Penny

APPROVAL OF TUNNEL BORING MACHINE (TBM) SPOIL ENVIRONMENT MANAGEMENT PLAN (EMP)

I refer to your submission of an environment management plan for the premises at 227 Riding Boundary Road, part 304 Riding Boundary Road, part 714 and 1198 Christies Road, Ravenhall, part Christies Road and part Middle Road, Truganina, being the following document: Environment Manage Plan – Spoil Management and Reuse Facility for the West Gate Tunnel Project (the **EMP**).

The Authority has reviewed the EMP and is satisfied that:

- the EMP includes all of the matters specified in regulation 6(2) of the *Environment Protection (Management of Tunnel Boring Machine Spoil) Regulations 2020* (the **EP MTBMS Regulations**);
- the EMP, together with the EP MTBMS Regulations, adequately protects human health and the environment from the harmful effects of pollution and waste (regulation 6(3)).

The Authority has approved the EMP under the EP MTBMS Regulations.

Yours sincerely
