

Publication 1925* December 2020

How to apply for a vehicle permit online

You can make a vehicle permit application through EPA's Interaction Portal (the portal).

Before you begin, you will need:

- the latest version of Internet Explorer
- <u>Adobe Reader</u>.

You will also need to read and understand these EPA publications:

- <u>Permit to transport prescribed industrial waste</u> (EPA Publication IWRG811)
- <u>Vehicle guidance: Non-tanker vehicles/trailers</u> (EPA Publication IWRG814) **OR** -<u>Vehicle guidance: Tanker/tanker trailer</u> (EPA Publication IWRG816)

For more information and help using the portal, see the <u>portal help section on EPA's website</u>: www.epa.vic.gov.au/interaction-portal-help

For more information about vehicle permit applications and guidelines, see the waste transport forms section of the EPA website:

www.epa.vic.gov.au/for-business/business-forms-permits-online-tools/waste-transport-forms

How to access, complete and submit a vehicle permit application

1. Find the EPA Interaction Portal

The portal is on the EPA website. Use Internet Explorer.

From the home page at epa.vic.gov.au, click 'Portal' in the top right-hand corner. You can also use https://portal.epa.vic.gov.au/irj/portal

2. Log into the portal

You will need to create an account, if you don't already have one. The instructions for creating an account are on the <u>Portal account management help page</u>: www.epa.vic.gov.au/interaction-portal-help/portal-account-management-help

Interact with EPA: apply, report, monitor, search Whether as an individual or for your business, you can use this Portal as your online point of contact with EPA Victoria. Please check the portal terms and conditions before creating a new account. If you have any questions about your account please review the portal help site or contact EPA. Landfill licencees, please see Changes in landfill licences - Frequently asked questions for further information. Temporary storage sites, please choose 'Create account' and then 'Register on behalf of a business'. If you already have a portal account, please call 1300 372 842 to register.

3. Find the vehicle permits section

Once you have logged in, you will see a menu on the left-hand side.

For new vehicle permits, click the bottom section of the menu in the vehicle permit section (not the waste transport section): **'Vehicle Permit'**.

	New garage location
	Select garage location:
	~

6. Enter the vehicle type

Have you have read and understood the relevant guide (tanker or non-tanker)? This is extremely important because you must nominate the correct vehicle type that matches **all the** *features and fittings for that vehicle type* in the guide.

The information you provide here determines the waste codes for your vehicle permit. Nominating the wrong vehicle classification can make the waste codes on the vehicle permit invalid. This means you won't be compliant with the *Environment Protection Act 1970*. You could be liable for penalties. This means you could be fined for being non-compliant.

9. Add supporting documentation

The following documents are required:

- Copy of valid, current driver's licence.
- Vehicle registration certificate.
- A letter from the director stating that the applicant is authorised to act on behalf of the company.

These files can be in PDF, .doc, or Jpeg file types. If they are images, they **must be clear and legible**.

To save your draft, click the button on the right 'Save as Draft'. You can now come back to complete it at any time.

10. Choosing the right waste codes

At the top of the page, click the second tab to enter the waste codes you wish the vehicle to be permitted for.

For more information about waste codes, see the EPA guidance document <u>Waste codes</u> (EPA publication IWRG822).

For vehicle types and the waste codes they can be permitted for, see the EPA vehicle guidance documents <u>Vehicle guidance: Tanker/tanker trailer</u> (EPA publication IWRG816) and <u>Vehicle guidance: Non-tanker vehicles/trailers</u> (EPA publication IWRG814)

Application for permit to transport prescribed industrial waste

11. Select the waste codes

This section allows you to select the waste codes for the vehicle to carry. Check the boxes to select/unselect a waste code. You can reset these selections with the button in the top right corner.

Only the waste codes applicable to the vehicle type you have selected will be available on this list.

If the waste code you are looking for is not here, this means the vehicle type is either incorrect, or not suitable for transporting that type of waste.

	0240	Selenium and selenium compounds				
	0261	Wasle containing silver from the pro	duction, formulation and use of photo	raphic chemicals and processing materials		
	0290	banum compounds				

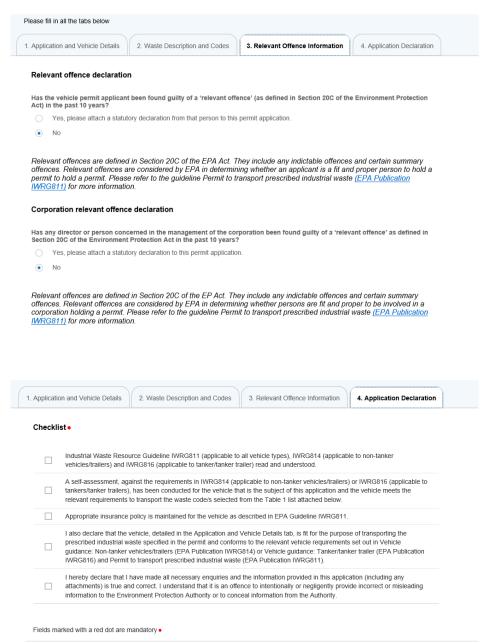

12. Save the waste codes

Once you have selected the waste codes you wish to apply for, click the 'Save as Draft' button in the bottom right-hand corner.

13. Declare any offences

The applicant must declare any 'relevant offences' as defined by the *Environment Protection Act 1970*. This means you must let us know if you have comitted any crimes or breaches under the Act, or relevant to your application.

14. Complete the application

You will be asked to confirm that:

- you have read and understood the waste resource and vehicle guidelines
- the vehicles meet the specifications in the guidelines
- the vehicle is fit for purpose and insured
- all information provided is true and correct
- you understand it is an offence to provide misleading information to EPA.

After you have completed all necessary fields, you can lodge the application by clicking the 'Submit' button on the bottom right.

Next steps

Once you've submitted your application you will receive an email confirming:

- that your application has been accepted
- the applicable permit fee
- details for how to make payment for your fee.

You must make the payment for your permit within 7 days of receiving this email, or your application will automatically close.

Permits will be issued within 21 days of payment being made¹.
